**TITLE: FAMILY FOCUS 2**

## **BRIEF SUMMARY;**

We've been looking at certain families in the bible and seeing how they are not very much different from us.

There are both good and bad things in these families and everything has been recorded.

And the bible says it is for an example for us and this proves that the bible is not Man's idea because if it was man's idea, we will take out certain things.

Like most of us we like polishing the history of our family.

If you go on social media right now you will see a very well polished version of a family which is not a reflection of what is actually happening.

You will see husband and wife wearing the same attire kissing and holding each other very tightly but it is not the reality in their homes.

So, if we can do that then it means the people who wrote the bible, if they were not under the inspiration of the holy Ghost, they would have written what they like.

But the bible says all scripture is by inspiration of the holy Spirit...

Earlier on we have been looking at the family of MR/MRS NOAH and MR/MRS ADAM.

From ADAM AND EVE, we found out that families were GOD ordained and after that he told them to multiply.

Everything we are seeing now; the foundation is from families.

Every society is made up of different family units which even forms a nation.

We learnt something from MR/MRS NOAH. He was an ordinary man like us.

We did not say he was special the only thing we said was that NOAH was a righteous person.

With his righteousness we learnt that at that time sin was all over the place.

The bible said as it was in the days of NOAH so shall it be in the days when the son of man is about to come.

The question is what were they doing in the days of NOAH?

They were marrying and drinking, life was all about pleasure.

Just like today life is all about pleasure. We don't really want to work and suffer.

We need to understand that as a Christians, suffering is part of our calling.

Because of lack of knowledge about Christianity we think it is always allowed for Christians to have fun so any inconvenience that occurs the first thing man will drop is church and God.

Let the rain fall now and if you are supposed to go to work, you will even walk in the rain but as for church man will say I won't go because it is raining

People will take leave from work to attend funerals, wedding and other occasions but will not do same for church programs.

What do we do at these functions? Its all about pleasure.

Someone can sit down and watch TV from morning till evening without getting tired but that same person if we tell him/her to pray 5minutes he/she will start complaining

When it's entertainment and pleasure man won't complain except its the work of God

This is a sign that we are in the end times. we saw that NOAH was the only one found to be righteous every other person was found or involved in some kind of foolishness

The bible said the evil spirit decided to inhabit people, especially the women.

There is a lot of demonic invasion on earth now.

Years ago, there was nothing like pornography, but because of mobile phones people have been corrupted in our days

Technology is not bad in itself but what you use it for is what matters.

Its just as a knife in the hands of a chef or a child.

So, the same thing that is been used for good purposes, through demonic invasion demons have taken over and they are using it for evil purposes

Now in NOAH'S time he said the sons of god saw the daughters of man that they were fair and they took them wife's all of which they choose.

Because of that, they came and possessed man and caused him to do abominable things in the sight of God.

They were no longer like the way God made ADAM AND EVE

That is why God said NOAH was the only righteous person, he and his family had no fellowship with the demonic spirits but every other family did.

That is why NOAH found favour in the sight of God.

Today in our time the demons don't reveal themselves to us but they can come and do anything through dreams.

We need to be very careful about dreams. Don't take them for granted

God warned Joseph in a dream but it was an angel that came to him in the dream,

But as for Mary the angel appeared to her physically

So, don't joke with these signs because we are in the days as it happened in NOAH'S time

The world might not be coming to an end now but these are the warning signs.

Note that the rapture can rather happen any moment from now.

The rapture is not the second coming of Christ but God taking away the saints to be with him.

So, if you are not a good Christian you won't go, if you are just a normal person with so much excuses you won't go.

The love that many have for God will grow Cold, so it will be a few people that will make it.

The rapture is real, if every other prophecy has happened then this will also happen.

Effect of having a drunkard in the family is quarrelling, fighting, insecurities and a whole lot.

But remember if your father is a drunkard give him his due respect, honour him.

Don't join with your mother to insult your father.

As a child do not touch your parent and beat them because they are drunk give honour to them because it is GOD'S LAW.

God after creating the first family, blessed them....

Without the blessings of God your family is going nowhere.

Family is God's idea and He has a formula for creating them. Let us use Gods formula if we want to experience heaven's touch on our families

JESUS IS ALIVE
